ATTENTION: MECHANICAL SECTION

There is being forwarded under separate, registered cover three rolls of exposed, undeveloped thirty-five millimeter film to be developed by the Mechanical Section. These rolls are numbered one, two and three and should be developed and printed in that order.

This film contains photographs of eleven different issues of The White Sentinel, official publication of captioned organization. The following issues for 1952 were photographed: February, April, May, June, July, August, September, October, November and December. There is also included the February 1953 issue. The pages of each were photographed in chronological order in proper monthly sequence beginning with the February 1952 issue for ease in assembling.

It is requested that one copy of each print be furnished to the Central Research Unit. One copy of each should also be furnished to the St. Louis Office.

For the information of the Bureau, the files of the St. Louis Office contain only those issues of The White Sentinel which are listed above. Issues for the months which do not appear for 1952 are not available.

Copies of The White Sentinel for January through April 1953 have been previously furnished to the Bureau for the information of the Central Research Unit. In the future one copy of each issue of The White Sentinel will be regularly furnished to the Bureau as it is received.

Attached is a letter dated August 6, 1956, from captioned individual who is Editor of The White Sentinel, official organ of the National Citizens Protective Association, Post Office Box 156, St. Louis, Missouri, in which Hamilton requested copies of the two most recent issues of the Uniform Crime Reports bulletin.

You will recall that the National Citizens Protective Association is ~~radically~~ crusading for continuation of segregation in the South, and the Bureau has been watching its growing activities for some time. Per call to the Domestic Intelligence Division, John W. Hamilton has been affiliated with Gerald L. K. Smith in the past and, it will also be recalled, most of the members of the National Citizens Protective Association have been affiliated with the Klu Klux Klan.

RECOMMENDATION:

Even though the Uniform Crime Reports bulletin is ^{public} ~~possible~~ source material easily available to correspondent through his local public libraries, it is recommended that his request not be granted or any acknowledgment forwarded in view of the possible misuse or distortion of racial statistics contained therein by Hamilton and his paper.

May, 1958

500 TEACHERS IN NEW YORK CITY COMMUNIST UNDERGROUND

REDS TEACH IN CITY'S INTEGRATED SCHOOLS

In all probability the great majority of American citizens fail to realize the dangerous depths to which subversive influences have infiltrated our educational systems. Not only in colleges and universities but our elementary and high schools too. This foreign plotted scheme is not only being carried out through slanted text books, but through red and pinko instructors as well. Senator William E. Jenner's Internal Security Subcommittee has done an excellent job of exposing many of these red minded teachers and instructors, but they still abound in dangerous proportions.

Protect Our Youth

Senator Jenner said upon opening hearings Feb. 10, 1953: "If a totalitarian organization such as the evidence shows to exist in our Nation's schools is allowed to flourish in our institutions of learning unexposed and unchecked, not only will our youth be infused with seeds of their and the Nation's destruction, but academic freedom, the right to dissent, the development of our culture, the right to express free ideas and thoughts will be choked and stifled. We have seen that where the Communist organization prevails in any country, or in any institution, that there free expression and independent ideals perish."

Communist Teachers Exposed

Of course, following the usual Communist practice, subversive suspects brought before the Jenner committee do their best to degrade and belittle it's patriotic work. The following testimony of Russian born "Tima" Ludins, former English teacher at Evander High School, N. Y., is an example of the brand which these un-American creatures of athelms resort to in an effort to hide their guilt:

SENATOR EASTLAND. Miss Ludins, if the board of education was investigating information that it had received that 500 N. Y. teachers were being organized into a Communist underground, part of a conspiracy to overthrow this country, don't you think that they had a right to go into that? Don't you think that it was their duty to go into that?

MISS LUDINS. I think if the board of education takes the testimony of one Lautner, a paid informer who has been running all

Negress teaching integrated class

over the U.S., paid well, framing people and trying to spread impressions, such as this that I got here, this "Tima" in quotes, "known so in the Communist underground," in quotes, if such a creature, such a loathsome creature, a Judas, an informer, is the one that the board accepts as a witness with out any further attempts to get any proof, I think....(Senate Internal Security Subcommittee, Mar. 3, 1953, page 489)

SENATOR JOHNSON. Do you mean you would commit a crime if you would say you were not a Communist?

MISS LUDINS. I didn't say any thing about committing crimes, of myself as ever committing crimes. So please don't continue that cloak-and-dagger kind of questioning. I said I would not... I would not leave myself open to the kind of thing that that creature, that lower-than-the-low can say, because he was paid for it.

If he didn't make up these things, he would lose his pay. I would not degrade myself by answering the accusations of a stool pigeon informer.

SENATOR EASTLAND. Don't you think lady, that you are degrading yourself in the eyes of the American people when you take this position? What are you?...

MISS LUDINS. No I don't
(Internal Security Subcommittee, Mar. 3, 1953, Page 490)

Exposes Teachers Communist Underground

John Lautner testified under oath before the Jenner committee that in 1950 he was engaged in organizing 500 Communist Party teachers into an underground, the plan for which had been brought from abroad by the leaders of the Communist Party sometime

ENCLOSURE

earlier. Mr. Lautner testified that a woman he knew who was named Tina, who lived at the Hotel Chelsea, was active in organizing the 500 teachers into an underground. For that reason Miss Ludins was brought before the Jenner committee. When the committee questioned her as to whether she had lived in the Hotel Chelsea Miss Ludins answered, "I have".

Of course when asked to give any evidence of bribery by the investigating committee, Miss Ludins couldn't produce a single scratch.

We all know if there was the slightest iota of evidence relating to any use of bribery by any communist investigating committee in order to gain favorable testimony, every liberal, left-wing newspaper in the country would have shouted it to the high heavens, to say nothing of the advantage every red in the country would take of it.

Retired Under Fire

Further proof of the red color of Miss Ludins' brain is the fact that she suddenly decided to retire from teaching at Evander Childs High School immediately upon being sent notice, dated Oct. 24, 1952, to appear before the N. Y. board of education on Oct. 31, 1952 and give testimony in connection with the program which the board was carrying on against Communist teachers. The board of education then received a letter dated Oct. 24, 1952 from Miss Ludins asking for retirement which was to take effect Oct. 27, 1952. -- What a coincidence.

Communists Working Day and Night

While the American people have been lulled into a doldrum, Communism has been working day and night to subvert the minds of student Americans. Mr. Wm. H. Withers, Professor of Contemporary Civilization, Queens College (N. Y. C.) told Senator Jenner's Internal Security Subcommittee in 1953 that he first became aware of the Communist organization operating in the schools as far back as 1934 while teaching at New College in Teachers College, Columbia University. Mr. Withers went on to say that it seemed to him that the Communist organization attempts to do two things at least, once it penetrates a school. One, to get control of students, influence their views; and, secondly, to get control of faculties, try to build up as large a group in the Communist Party as they can from reputable faculty members.

Although Mr. Withers was always opposed to Communism, he was, at one time looked upon by them as a potential friend. Due to that he was able to learn a great deal pertaining to their methods.

Subtle Penetration

Perhaps one of the most important points brought out by Mr. Withers is the fact the Communists do most of their damage outside the classroom. (But certainly don't be led to believe that the damage they do inside the classroom is negligible). They make it a point to become very popular with the students and attempt to build themselves up as somewhat of an idol. In that manner they can more easily put over their Marxist ideology during after hours discussions and in social life. It is also interesting to note that the Communists, almost without exception, shy away from subjects where the theories of

society are discussed, such as sociology and economics. The Communists prefer to enter such fields as English, art, music, etc., because in these fields the pros and cons of Marxism are not likely to undergo any kind of thoroughgoing theoretical criticism. Coaches and athletic directors also rank high on the red's list of preferred fields in which to enter.

Recruitment of Youth

One of the favorite resources used by the reds to put over their Marxist theories is student organizations. They either sponsor an organization or work their way into reputable organizations as faculty advisors. For example, at one time there was an organization at Queens College which openly called itself "Young Communist League." Only students thoroughly indoctrinated with Communist ideals were accepted. Other student organizations under the control of the Young Communist League served as a kind of proving grounds for acceptance into the Young Communist League. They were gradually educated into Communist activity.

Disguised Red Groups Active

Although there is no "Young Communist League" by name now at Queens College, or any other college in America, it is, to the credit of the investigating subcommittee, only because they are afraid to name them as such. Of course, now upon the outlawing of the Communist Party in America, such titles as that are unwise but we would be naive to believe that disguised Communist organizations or at least terribly slanted student organizations don't flourish in most colleges and universities in America today.

Communism Corrupts and Destroys

For the benefit of anyone who doubts the damage which the subversive influence can inflict upon students; on Feb. 23, 1953, Mr. Withers told the Senate Internal Security Subcommittee:

"I could give you names of probably 20 or 30 people that I have known in my teaching career who were ruined ultimately by the Communist Party, who 10 years after college were thoroughly disillusioned and who were misfits, and at least 2 of them, I know, are in the hands of psychiatrists at the moment."

Keep in mind this is the experience of only one teacher. Doubtless there are hundreds of loyal American teachers who have witnessed similar cases, affecting thousands of unsuspecting students in either more or less severity.

One of the Communists chief sources of propagandizing is through student organizations but equally as dangerous is the Communist success through teachers' organizations and unions. For example, Bella V. Dodd, former teacher at the Hunter College of the City of New York and former Communist Party official who finally saw the light and denounced Communism for what it is, testified before the Senate Internal Subcommittee on March 10, 1953, that in 1938 the Communist Party had established its domination over the New York Teachers Union, then affiliated with the American Federation of Teachers. She went on to say that as much as 80 to 90 percent of the executive board were Communists. At one time this placed as high as 11,000 teachers in the New York area under the complete control of the Communist Party. Of course, in all fair-

ness, Dr. Dodd made it clear that no more than 1,000 of these teachers were members of the Communist Party. The other 10,000 teachers, without actually realizing it, were being used by the Communist Party. While the non-Communist members of the union looked upon the union for economical assistance, such as increased wages, betterment of the school system, etc., the Communists looked upon the union mainly from the political side. Since the great majority of the teachers held little or no interest in the political side of the union, they would permit resolutions secretly favorable to the Communist Party to be passed with little or no opposition. These might include a resolution against what they might call fascism or a resolution on supporting a political party for election, etc. The Rapp Coudert Committee of New York was largely responsible for exposing the Marxist activities of this union around 1941.

Dr. Dodd Testifies

And now for a bit of testimony from Dr. Dodd which should interest anyone concerned with the welfare of our educational system.

MR. MORRIS. I was wondering if you would tell us the Communist network, the hidden network, that aided you in your operations at that time. For instance, in the board of education in New York City, did you have secret members of the Communist Party assisting you at this time.

DR. DODD. The Communist Party is an organization which is almost a government within a government, so wherever you have an official public organization you also have Communists therein. The board of education had people who got their jobs through civil service. Among them certainly there were Communists. There were people at the board of education who functioned on various committees like the curriculum committee. (Senate Internal Security Subcommittee March 10, 1953, page 523) (Emphasis WS)

Communist Plot

Also of interest should be the following testimony which should support the charge that integration of the public schools in the South is Communist inspired.

SENATOR JOHNSON. As a teacher in the Teachers' Union in New York have you at any time known the Communist teachers there in New York to try to spread their doctrine among the Puerto Rican immigrants in any systematic way or any other immigrants?

DR. DODD. The Communists use the race situation in a very effective manner. Since the Communists want to create a sense of fear among people, and a sense of hatred, what they do is to indicate that the majority of the people are against them. They will say to the Puerto Ricans, "The white people are against you," or "The American people are against you."

They will say that to the negro person. They will say to the Italian, "The Irish are against you."

In other words, they pit one racial group against another. They are constantly talking about minority groups. They forget that in this country we don't have minority groups, this is a great country of ours. They utilize

PROFESSOR'S BOOK CONFIRMS

NEGROES' IQ LOWER THAN WHITES

Dr. Audrey M. Shuey, chairman of the department of psychology at Randolph-Macon Women's College is the author of a recent publication, *The Testing of Negro Intelligence*, which examines the question: "Is there a real difference between the intelligence of the White and negro races?"

In her volume published by J. P. Bell Co., in Lynchburg, Virginia, Dr. Shuey concludes that there is a difference and that the intelligence of the negro race, as measured by tests over the past 40 years, is consistently lower than that of the White race.

The conclusions which Dr. Shuey reaches are based upon more than 288 intelligence tests given to White and negro children and adults over a period of 40 years. The book represents nearly 20 years of research and analysis on the part of the author.

Since World War 1

These tests conducted by sociologists and psychologists since World War 1 were designed for the purpose of studying intelligence and capacity.

One conclusion which Dr. Shuey regards as inescapable is that these tests show that negro children score their best at the elementary school level. They tend to score lower in high school and reach their greatest disparity with the White students on the college level.

Dr. Shuey began collecting material for the book while teaching a course in race difference at New York University in 1938. While 288 summaries are included in the book, the author investigated at least twice that many articles and papers looking for material.

She disregarded all but the tests which set forth all their data, the type of testing, and the number, and showed a thorough scientific approach.

Foreword By Garrett

The book contains a foreword by Dr. Henry E. Garrett, professor emeritus of psychology at Columbia University, now visiting professor at the University of Virginia.

The Testing of Negro Intelligence is one of a number of publications authored by Dr. Shuey, among which are two monographs. *Limits of Learnability in Kittens*, her doctor's

dissertation, and *Personality Traits in Jewish and Non-Jewish Students*.

Dr. Shuey, a native of Illinois, holds an AB Degree from the University of Illinois and an MA from Wellesley College, and received her Ph.D. at Columbia University.

Through the years she has worked on the task of studying all available literature and tests on negro intelligence.

A significant point here is that private school students were not included in the elementary tests. But since most of these students go on to regular colleges, and since they generally represent a higher level of intelligence, their scores show up sharply when they are tested in college.

This means comparing the top level of the negro students with the mass or average of the Whites who go on to high school in far greater numbers.

And yet, the Whites have consistently scored higher than the negroes in these tests.

She concludes that the order of intelligence as measured in the bulk of the tests is Northern White, Southern White, Northern negro, Southern negro.

In most instances, the highest scores attained by the Northern negro were below those of the worst scores attained by the Southern Whites.

Dr. Garrett Agrees With Shuey

One of the nation's foremost psychologists said today that he was in complete agreement with the conclusions reached by Randolph-Macon Woman's College professor Dr. Audrey Shuey in her book, *The Testing of Negro Intelligence*.

Dr. Henry E. Garrett, professor emeritus of psychology of Columbia University, said statements he made in a foreword to the book represented his own conclusions, too. The foreword, he said, was written less than a month ago.

Dr. Shuey's book published by the J. P. Bell Company, Lynchburg, Virginia, and sells for \$4.00.

Baby Gorilla Under Scientific Study

NEW YORK, Feb. 16 (INS).

"COLO," the first gorilla ever born in captivity, is ahead of human babies its age both physical and mental development.

But the scientists who have been studying the female gorilla since birth Dec. 22, 1936, at Columbus (O.) Zoo, are not too surprised. They expected Colo to take an early lead over human babies.

They also expect human babies to overtake Colo in cer-

tain respects—but not in all—over the long haul.

The why and how of this gorilla baby vs. human baby "contest" is throwing new light on a variety of subjects. Thanks to Colo, science is getting important data on human learning, evolution, the nature of intelligence and the role of environment in development, to name just the important headings.

Colo is proving to be a particular gold mine of information for a famous husband and wife psychiatric team, Dr. Benjamin Pasamanick of Ohio State University and Dr. Hilda Kiblock, director of the Child Guidance Clinic, Children's Hospital, Columbus. The Pasamanicks formerly were members of Yale University's Child Guidance Clinic where Dr. Arnold Gesell pioneered his development quotient work with infants and children. This "DQ" is considered a more meaningful measure of a child's development than the old "IQ." The "DQ" test takes into account both motor (muscular) and adaptive (learning) behavior.

COLO, FIRST GORILLA EVER BORN IN CAPTIVITY, AT THE AGE OF TWO WEEKS.

● **INTENSIVE WORK** with thousands of children has resulted in certain "norms" being worked out. The Pasamanicks emphasize that these "DQ" levels cannot be precisely applied to Colo. But, in crude figures, the Pasamanicks place Colo's motor behavior at a level equal to human babies twice her age. Colo's adaptive behavior, while not as advanced, does show a definite bulge over human babies.

These observations will continue for many years. It is hoped answers to many questions will be found, including:

1. How do the larger primates compare with each other? It is generally agreed by scientists that man, gorilla and chimpanzee represent branching developments from some common early ancestor: no one says any longer that man "springs from" apes, only that they both may have a common ancestor.

But which of these "cousins" is closer to man in the evolutionary picture: Colo gives science a chance to fill in the gap for the first time.

★ ★ ★

2. What is the relationship between the length of infancy and intelligence? Man, the most intelligent being, has the longest development period. By observing Colo, science can test the theory that the quicker a species matures, the poorer it specializes.

Can this gorilla grasping trait be "wiped out" in Colo—a gorilla born in captivity? How much can Colo un-learn of her gorilla ways? How many human ways can she learn?

Chimps have been brought up in homes as part of the family. They have lived in nurseries, worn clothes, played with human children.

They have learned about 250 words or phrases—not to repeat, of course, but to obey or understand. If gorillas are "higher" than chimps, how would Colo fare in a typical American home?

The answer right now is academic. Colo is too popular to be taken from the zoo and placed in a science-controlled situation. The citizens of Columbus would not allow it.

But there may be a solution. Colo's mother, nine-year-old, 260-pound Christina, and father, 11-year-old, 380-pound Baron, will be bred again in April. If they could produce another offspring, science could place Colo in a home, and the other with the gorilla parents. Thus Colo would be freed of any parental influence.

Detroit Negroes Are Charged with Attack on Teacher

City Vows Crackdown On Gangs

DETROIT

Vowing to deal harshly with gangs, the Prosecutor's office Thursday recommended tough two-count warrants against three youths accused of stoning and attacking a teacher.

The warrants will charge conspiracy to commit assault and battery and conspiracy to disturb the peace. Both charges are felonies and carry maximum sentences of five years in jail.

• • •

THREE 18-year-olds are held in the Wednesday attack on Richard Christian, 31, of 8835 Shaddick, Dearborn.

Christian, a teacher at Washington Trade School at 13000 Dequindre, told police three youths threw rocks at him and then attacked him as he supervised a baseball game on the school's playground.

The first warrant recommended charged only disturbing the peace.

Teacher At Private N.Y. School Beaten By Band Of Negroes

NEW YORK (AP)—A small group of Negro youths invaded an outdoor class of private school pupils

Police said the five or six Negroes fled with \$16 after attacking the teacher, Arthur Santos, 28, a ministerial student who teaches at a Seventh Day Adventist school in the Bronx.

Eight stitches were required to close a scalp wound and five stitches for a torn lip suffered by Santos.

Santos told police he saw the gang lining up some of his pupils taking outdoor recreation. The Negroes were going through the pockets of the pupils.

"I went over to them and told them to leave my kids alone and go away or I'd call the police," Santos said. "One of the group said, 'You're going to call the cops?'" And another took out a knife.

"I started to run. They chased me and caught me. They jumped me and took my bat and beat me."

Santos said the youths then took his empty wallet and the \$16 in his pockets. Santos and his pupils, ranging in age from 9 to 15 years, are white.

CALVERT DISTILLERS SUPPORT NAACP

THE PITTSBURGH COURIER

Views

By GEORGE S. SCHUYLER

WHEN I learned that W. W. Wachtel, president of Calvert Distillers Company since 1936, was giving up his post to Tubie Resnick, I confess that I was apprehensive.

Would this great corporation continue its liberal racial policy as the first to hire Negroes in its field?

Would it carry on the fair employment policy which began back in 1936, with its up gradings and promotions of Negroes in its sales force?

Schuyler

Would it carry on the pioneering policy of furthering the social and cultural advancement of colored Americans?

What would be the future of Calvert's eighteen Negro market managers and the thirty-two colored men its wholesalers employed.

So often it has happened that a friendly corporation head has been succeeded by one who undid much that had been done for Negro advancement. So few are the big companies who have done anything at all.

SO I MADE some inquiries about Tubie Resnick, and I was much gratified to learn that Mr. Wachtel's successor is a chip off the old block.

For thirteen years he has been in charge of Calvert's sales force and has carried out the fair employment policy in which Mr. Wachtel pioneered.

The son of immigrant parents, he knows minority problems from first-hand, and, coming up through the ranks as he has, he recognizes and rewards merit regardless of a person's race, color or religion. He not only believes in equality for the Negro, but practices it.

Colored leaders like Roy Wilkins and Thurgood Mar-

shall are his friends. He has worked with the NAACP and with the Urban League to advance the social, legal and economic status of the Negro.

The United Negro College Fund has always had his backing. For three consecutive years he has aided in securing funds to help young Negro athletes to compete in tryouts to represent America at the coming Olympic Games.

HE FIRMLY intends to continue Calvert's leadership in interracial advancement in the same spirit that he has so liberally contributed to Jewish activities and causes, notably Brandeis University where, in 1953, he established a perpetual foundation to provide scholarships for deserving youngsters unable to afford a college education.

Significantly, the first scholarship went to a Negro youth!

Undoubtedly, Calvert's "Men of Distinction," which has selected outstanding Negroes for

recognition, will continue, as will the company's four-year support of Stadium Concerts where fine Negro artists get a chance to perform.

Such a liberal business executive is most important to us because his company sets an example to others; and to the extent that the great American corporations afford job opportunities to Negroes and lend support to the social and cultural advancement of colored America, to that extent will our problem be on the way to solution.

Equal rights are a great possession, but they amount to little without equal opportunity to employment and promotion, along with that encouragement which makes us aspire to higher things.

If there were several thousand business executives like President Tubie Resnick of Calvert we wouldn't have anything to worry about. W. W. Wachtel can be sure the policies he inaugurated will continue.

THURGOOD MARSHALL, NAACP Legal Counsel, responding to the testimonials given him at a dinner sponsored by the sales employees of Calvert Distillers at the Astor Hotel. Others at the table are William Wachtel, president of Calvert, and the late Mrs. Marshall.

Over 1,000 businessmen, civic leaders and celebrities gathered in the Roof Garden of the Astor Hotel in New York City to pay homage to negro civil rights lawyer, Thurgood Marshall, for his presentation of the school segregation cases before the Supreme Court. The dinner was sponsored by the sales employees of the Calvert Distillers and attended by the top executives of the whiskey concern.

Marshall was the recipient of a wrist watch from the Calvert executives and Tubie Resnick, executive vice president, (now president) presented a check to the NAACP Legal Fund from Calvert Corp., saying: "The NAACP has accomplished much to give democracy vitality and deserves the support of all good Americans."

In his response Marshall paid tribute to the men and women associated with him in the anti-segregation fights, to the hundreds of individuals and organizations who have contributed funds to carry on the work. He gave especial praise to Calvert, saying: "This is not the first money that Calvert Distillers has contributed. Calvert has been contributing regularly without fanfare to our legal work and I believe in the future, we will have more and more big business firms doing what Calvert does when they realize the need for working to maintain our democracy."

N.Y. Teacher Lives In Fear Of Classroom Toughs

NEW YORK. A white teacher, claimed today that a handful of troublemakers have spread lawlessness through a virtually segregated Negro junior high school. He said he, himself, has received a death threat.

Barbarash showed police an anonymous letter mailed to him at school. Printed on it in immature hand was the following: "Don't go to school Feb. 17 if you want to stay alive."

The teacher, Robert Barbarash, said he lives in fear of young toughs in his classroom. He added that conditions would be worse except that Principal Sherwood P. Friedman is a strict disciplinarian.

There was also a scribbled message "BB equals head equals death," and a Feb. 7 clipping from the Long Island Press.

Barbarash said he hasn't decided yet whether to defy the warning and go to school Monday. He added that he, his wife and his baby daughter have been promised police protection.

The newspaper clipping and the BB reference pertain to an incident last month. Barbarash said a hidden sniper nicked him in the ear with an air rifle outside P.S. 40.

The 27-year-old teacher brought charges against four Negro students he accused of having a hand in the shooting. Three of them were cleared in Children's Court

and the other is free pending a June hearing.

In the clipping, Barbarash was quoted by the press:

"The fact that those kids were cleared means that the young toughs in the school will think they can get away with just anything. Conditions will get worse. You can't help feeling that they're plotting something new to gain revenge for my pressing charges."

Barbarash said he believed he was shot at by a boy whom he flunked last year. He added that the death threat is an apparent

outgrowth of the prosecution of the four boys.

The teacher claimed acts of violence almost every day are sparked by a handful of troublemakers who harass teachers and other students.

Rapes, knifings, assaults and general lawlessness by a small minority of the city's one million public school children has thrown New York into a turmoil in recent weeks. They involved both Negro and white students in the 900-school integrated public school system.

How would you like it if your exquisitely formed White child was no longer White? Pink cheeks no longer pink? Blue eyes no longer blue, lovely hair no longer lovely?

It's sensitive mind no longer sensitive but ape like? It's beautiful body no longer beautiful but black and evil smelling?

A few drops of negro blood in your child's veins and it could have a coal black negro baby.

The blood in your White child is the most precious thing on earth (civilizations are built upon it) and many evil minded men know this to be a fact. They have organized into groups to "get" this blood away from you.

Some foolish Christians tell you it is God's will -- as if God who aims at the beautiful, the good, and intelligent, would want to destroy and dirty his loveliest gifts.

These evil men have organized child movements and camps to further their evil designs. Some of these camps are Jewish, some Christian, some political, some union. All pose as democracy in action and the object of all is to get your White child's blood.

People only go after what is better than they have and never hunt something inferior to what they possess.

Remember it is always grown people "adults" who operate these camps. Adults with a queer bent who could never prey upon a grown person but must have the tender, innocent, unsuspecting mind of your child with which to do their evil work.

Scientists claim that such adults who are unduly attracted to White children and wish to mix them with negroes are suffering from a Freudian Complex that gives them a sex thrill at the very thought of mating your lovely child with the evil ape like body of the negro.

This act of mating is not done at the camps but your child's mind is poisoned with false social and religious ideas at its most susceptible stage so that the act of marriage can be accomplished later. They must steal your child's mind before they can steal its body.

This should be warning enough. You know where your treasure is. Protect it. To keep your child from negroes it will be necessary to keep it away from all youth movements -- with especial emphasis on those that pose as religious or political or democratic.

Don't let the devil with the angle's wings carry away your lovely. It is only the lovely they want and what a howl these hyenas can make of race discrimination when they can't get your lamb in their fangs.

Remember all youth movements have for their special feature the mixing of negroes with your White child and if it were not for the beauty of the White child none of these camps would be in existence.

Boy camps condition your boy to bring home a negro buddy for your little daughter. Girl camps condition your daughter to bring home a negro pal for your White boy. Don't let them get by with it.

Here is just a few with sweet sounding names. The spider's web to catch the unsuspecting fly -- in this case your pretty White cherub.

YMCA, YWCA, Labor Union Camp, Chicago Community Conference, Youth Congress, Young Adult Councils, Youth For Christ, Young Civic Councils, Political Action Volunteers, Youth For Democracy, Jewish Welfare Group, Scout Camps For Boys, Scout Camps For Girls.

These are just a few. A lot of these camps change their names when they are found out, but they continue to operate under new names and their object is to destroy the civilized world for Communism by mating your White innocent with the loathsome negro.

racial situation very effectively.

Among the Puerto Ricans and among the negro people particularly, the teachers (Communists) have worked very hard to improve the schools, but at the same time they have worked very hard to get control of the parents, to organize the parent teachers organization, and to guide them and use them for their own ends. (Senate Internal Security Subcommittee March 10, 1953 page 534 - 535).

Pit Race Against Race

I would like to comment on Dr. Dodd's statements that the Communists want "to create a sense of hatred" and "to pit one racial group against another." Where else could the Communists expect to achieve such success than in the South where the strongest feeling for segregation exists. The South has never had trouble with the segregated negro. Integration in the South will create only trouble and strife, and anyone who advocates it is playing right into the Communist's hands.

Professor Arnold Toynbee once said there were 19 civilizations since the dawn of history; 16 were destroyed from within.

FAULKNER'S "PEARLS OF WISDOM"

Princeton, New Jersey - William Faulkner, an author who writes sex novels about decadent Southern aristocracy, fancies himself an authority on just about everything. Speaking before Princeton University students he said: "It's the responsibility of the Whites. The White man must change the negro from acting and thinking like a negro. How? The answer is just one word - education." In other words, Faulkner believes in White Supremacy and that the negro is inferior. But if the White man can educate the negro to stop being a negro, then he will become "equal." Can leopard change its spots? "equal." Can a leopard change its spots? Faulkner thinks so if it can be educated enough.

PYGIES IN DANGER OF EXTERMINATION

Marcel Pretre, famous French explorer and hunter, has discovered a tribe of the smallest pygmies known to man deep in the jungles of the Congo. These little people called Likouala, measure around 19 inches. They live in trees to protect themselves from the Bantu cannibals who consider them a delicacy and catch them in nets like monkeys. Even the trees have failed to save them from their "colored brothers" as they have to come down from their tree homes for water and food. Having no contact with White Civilization, the Likouala are the most primitive of any pygmy tribes visited by Mr. Pretre. The tribe's speech has few words, using mostly signs and animal grunts. It is hoped Eleanor Roosevelt doesn't hear about their plight or she will want to bring them to the United States to save them from the Bantu cannibals.

"MORE SEGREGATED THAN SOUTH"

Las Vegas, Nevada - Lester Bailey, NAACP West Coast Field Secretary, charged that

Las Vegas is more segregated than the Deep South. "Instead of solving (sic) its growing segregation problem with integration, this City is creating more segregation all the time," he said, during a meeting at a negro Baptist Church. "Negroes are denied service in all of the White hotels, motels, restaurants and places of recreation except movie houses where colored patrons are forced to sit along the walls while Whites sit in the center," Bailey complained.

GLEANINGS FROM OUR MAIL BAG

From Millersville, Maryland - "Your paper is the best I have ever seen. My son brought one home from the shipyard. Please enter my subscription for one year."

From Lenoir, N. Car. - "I have received a copy of your newspaper and I plan to subscribe as soon as I can scrape up the \$3.00. I am 16 years old, but as wide awake a Southerner as you will find anywhere. I am ashamed of some of the people in North Carolina who are trying to be liberal on the race question. I was raised to be a loyal Southerner and take up for the South when attacked.

"When I see the Government that is sup-

posed to be for the people and by the people turning into an oligarchy (defined: "a Government in which a few people have power"), it infuriates me. Why should the whole South be told what to do by nine men? I imagine you know who told them to give the, as you call it, *Black Monday* decision. It was the Justice Department of the Eisenhower Administration. I certainly hope you blast false face Eisenhower off the face of the earth in your next issue. The way he deceived the South in 1952 proves what kind of a politician he is. The same thing goes for Richard Nixon. If Eisenhower is so down on the Communists, why doesn't he see through what is one of their worst plans to undermine our country. The commies want to set the South and the Union at each others throats so they can take over.

"Please count me in your fight for the White Race and the South. I wish we had more people like you. God bless you because you are truly loyal workers."

From Dearborn, Mich. "I send out your *White American News Service* just about as soon as I receive and read them. They contain so much information in a condensed form."

FBI Reveals Menace of Integration

NEGRO CRIME INCREASES

The following figures on negro crime were taken from the Annual Bulletin of the FBI, J. Edgar Hoover, Director. The figures are based on 1,861,764 arrests in 1,477 cities and towns of more than 2,500 population comprising a total of 41,792,800 people. The figures are based on arrests made during 1955 of White and negroes and do not include Indians, Orientals, Filipinos and non-White Mexicans. NEGRO CRIME EXPLODES RACIAL EQUALITY MYTH

For years the egg-heads, do-gooders, 'liberals' and Communists have told America all that was needed to make a negro 'equal' to a White man was to give him integration, education and jobs. The negro has more integration, more and better education and jobs than ever before, yet he committed 24% more crime than ever before. The more and better education and jobs the White man gives the negro, the more murder, rapes, assaults, robberies, dope, prostitution and vice he indulges in.

This fact is so obvious that even the race-mixers have changed their tune. Since every negro has the opportunity to go to school and get a job, and yet is still not 'equal,' the race-mixers now concentrate on integration and 'civil rights' laws against alleged 'discrimination' of negroes. The reason the negro still isn't 'equal' and actually is getting worse, is that he hasn't been totally integrated into White society and is being 'discriminated against.' The alarming negro crime increase is directly attributable to the propaganda for racial equality, integration, civil rights laws being spread by politicians, press and clergymen. They tell the negro the reason he still isn't as intelligent and successful as, or 'equal' to, the Whites is because he is being 'discriminated against.' This incites and inflames him to hatred and violence and enables him to blame all his sins and shortcomings on the White man. If integration were the answer, then open all the prisons, integrate the inmates into White society and they too would become 'equal' with self-respecting, law-abiding Whites. Segregation is the answer and is needed nationally. The negro has proven by his actions that he is not fit to be integrated with the White man.

Enclosed for the Bureau are three printed items apparently published by the "White Sentinel", Post Office Box 9013, Fort Lauderdale, Florida, entitled, "FBI Reveals Menace of Integration", "Where Does Your Money Go?", "The Kiss of Death". These pamphlets were received by the Milwaukee office from [redacted] in Chicago, who had received them from [redacted].

[redacted] had written that the material came to him from Constitution Party of Wisconsin, Post Office Box 1482, Milwaukee 1, Wisc. [redacted] declared he would like to know how his name came to be placed on the mailing list of the Constitution Party of Wisconsin, and that he would like to trace this group, its activities, leadership and membership. No communication is being directed by this office to [redacted] whose letter of March 23, 1960 to the Postal Inspector has been acknowledged by [redacted].

Milwaukee indices are negative concerning [redacted] the "White Sentinel" and Constitution Party of Wisconsin.

No action contemplated here.

* Those cities with lines drawn through them have removed the Urban League from their Chests or Funds after community pressure called to their attention how supposedly "charity" money was being used to finance racial integration and mongrelization. However, 57 Chests and Funds still give more than \$2,000,000 a year to the Urban League. According to *Jet*, the 7 Chests which have withdrawn their support formerly gave over \$100,000 a year to the Urban League.

WHAT THE URBAN LEAGUE DOES WITH YOUR MONEY

URBAN LEAGUE AND NAACP LEAD FIGHT FOR RACIAL INTEGRATION ...Under the heading *They Led The Fight*, the *Courier*, a nationally circulated negro paper said: "The NAACP took the battle for first class citizenship to the courts of the land where they won fight after fight ranging from restrictive covenants to jury service, due process in general, confession by torture, transportation, education. The Urban League carried on the unending battle against segregation and discrimination in employment. Their frontal attack on this vexing problem opened up job opportunities and the doors of labor unions."

WORKS WITH NAACP FOR SCHOOL INTEGRATION...Both the NAACP and the Urban League demanded total racial integration in public schools. On June 7, 1957, the NAACP and the Dayton (Ohio) Urban League complained to the Dayton Board of Education that there were still all-White and all-negro schools in the City. They demanded zoning districts be changed so that all schools would be race-mixed. In New York, the Urban League demanded that White children be imported by bus into all-negro-school districts so that negroes could get integrated with Whites. Because of the Urban League, which was joined in this by the NAACP, White children are compelled to go miles from their homes to be integrated in formerly all-negro schools.

CONTRIBUTES TO NAACP...The Urban League denies it makes contributions to the National Association for the Advancement of Colored People (NAACP). In this, as in many other cases, the UL lies. The negro *St. Louis Argus*, Dec. 28, 1956, under the heading *Organizations that assisted the St. Louis NAACP with special contributions or fund raising projects during 1956*, lists the Urban League Area 'B' Block Unit and the Urban League Block Unit No. 125. While the UL is supported by White "charities," it uses its own money to subsidize the viciously anti-White NAACP.

JOINT LOBBYING ACTIVITIES WITH NAACP...Although it claims to be a "social service" organization, the Urban League is neck-deep in political lobbying with the NAACP. UL officials, paid by Chests and Funds, have appeared at countless hearings before legislative committees, jointly with the NAACP, to lobby for politically-inspired, pro-negro laws. Paget Alves of the Urban League represented both the League and the NAACP at a hearing before Gov. Harriman of New York to urge increased penalties for "discriminating" against negroes in the State.

NAACP "BUSH LEAGUE" COMPARED TO URBAN LEAGUE...Commenting on the UL Convention in Cincinnati, the negro press said: "Expense-wise, the NAACP is bush league compared to the National Urban League. Maurice Moss, Associate Executive Director, reported here that the League's 63 branches in 31 states spent \$2,500,000 last year. The League has a paid staff of 400 and more than 4,000 board and volunteer members. Practically all of the League's income is from Community Chests."

WORKS WITH NAACP TO FIGHT UNIONS' APPRENTICE PROGRAM...Many craft unions sponsor apprentice programs and pick candidates to take this training which will qualify them for union membership. The NAACP-Urban League fight this program because many unions do not care to have negro apprentices for skilled jobs. The *St. Louis Argus* on July 7, 1957, reported: "The Urban League which has done much of the spade work on this apprentice jim-crow - which is steadfastly barring young negroes from high paying technical jobs - called in the Executive Secretary of the NAACP on three occasions for conference on this apprentice training discrimination." If the NAACP-Urban League have their way, unions will no longer be able to choose their own members.

REPLACE WHITE WORKERS WITH NEGROES DEMANDS URBAN LEAGUE...In an article entitled *Three Groups Lead Fight For Negroes*, the *Detroit Free Press*, June 21, 1957 said: "The NAACP is the legal trustee for negro rights. The Urban League is the sociological workshop for better racial conditions and equal opportunity...The appearance of negroes as sales persons in downtown department stores, in the City's banking institutions, in public utilities, is largely due to the persistence of the local Urban League negotiations." The UL is not interested in getting jobs for negroes **unless the jobs are or were held by Whites**. In its announced plans to "integrate industry," the League seeks to replace White workers with negroes.

SIGNS PACT WITH WALTER REUTHER...In June, 1957, the Urban League signed a pact with Walter Reuther to "eliminate racial discrimination in employment in all industries in which the UAW has collective bargaining agreements." If a White worker is hired or promoted instead of a negro, the negro will cry "discrimination" and Walter Reuther and the Urban League will rush to his defense against the White worker.

THE URBAN LEAGUE "WHERE NEGRO MEN CAN ROMANCE WHITE WOMEN"...The Feb. 1957 issue of *Sepia*, a negro magazine openly states: "Conscientious Urban League supporters feel there is a threat that the party trend can become dangerous. Too much of this sort of thing can lead to scandal and ugly situations because 'we have long been accused of running an

organization in which negro men can romance White women with money.' " As a result, many negro UL officials are married to White women.

HOLDS WILD INTER-RACIAL ORGIES...Much time and money of the Urban League members is spent on *Beaux Art Balls* held by the Urban League Guilds in various cities. New York's biggest inter-racial social event each year is the Urban League's ball. Whites and social-climbing negroes mix and mingle in every state of dress and undress from formals and dinner jackets to fig leaves, bra's and panties. Many negroes are disgusted with the wild, drunken, inter-racial orgies. *Sepia* comments on "what seemed to be becoming the League's most important activity of late - party giving," and adds that "the Urban League is in danger of becoming a kind of inter-racial society club in which socially ambitious negroes can rub elbows, dine and dance with rich Whites."

INCITES NEGROES TO VIOLENCE AGAINST WHITES...*U. S. News & World Report*, Aug. 9, 1957, quotes Edwin C. Berry, mulatto Director of the Chicago Urban League, as telling his fellow negroes: "The negro in Chicago is tired of being pushed around (sic). If he decides to retaliate against the White man in full strength, the situation will get completely out of hand." This is deliberately inciting the blacks to violence against Whites. How successful the NAACP and the UL have been is also reported by *U. S. News*: "A White person takes his life in his hands if he walks through the Black Belt on the South Side at certain hours." For this, the Chicago Community Fund gives the Urban League \$50,000 a year.

INTEGRATED HOUSING ANOTHER LEAGUE GOAL...To mix all neighborhoods has long been an objective of the UL. This policy has been openly declared and unanimously endorsed at Urban League conventions by delegates from every UL branch. When negroes began moving into Teaneck, N. J., Whites began selling their homes. The negro *Chicago Defender* reported: "The Urban League of Englewood (N. J.) is trying to halt the sales so that the community will remain integrated rather than jim crow."

FINANCING NEGRO PURCHASES IN WHITE AREAS...Marvin R. McAbee of Flint, Mich., a member of the Board of the Michigan Citizens Council, Inc., charged: "The Flint Urban League is offering home owners more money than they are asking for their homes in White sections if they will sell to negroes. One negro bought a home in this same White community that way and the next day the Urban League members went door to door trying to buy others."

SEEKS LEGISLATION TO BAN SEGREGATED HOUSING...A bill before the New York City Council would force owners of private property to rent to negroes. The Chairman of the Urban League's Housing Committee appeared before the Council in support of the bill. He said: "As long as 93% of our City's housing remains free to discriminate (against negroes), there can be very little progress toward the Mayor's goal of an open city."

FORCES HOTELS AND RESTAURANTS TO SERVE NEGROES...The UL supports special rights for negroes legislation called 'civil rights' bills. After Wisconsin had passed a law making it a crime to refuse service to negroes, William V. Kelley, negro Executive Director of the Milwaukee Urban League, spent 2 months driving more than 6,000 miles over the State testing White-owned restaurants, hotels and motels to make sure they all served negroes.

AIDED ARMED FORCES INTEGRATION...In 1945, the then Secretary of the Navy, James Forrestal, appointed Lester Granger, Executive Director of the Urban League, as a special advisor to the Navy on its race problems. Later Granger served as consultant on racial integration to Navy Secretary Anderson. As a result, the negro press crowed: "A directive, based on Granger's study and recommendations, wiped out the basic Navy policy of segregation

and discrimination. On the basis of the success of this directive, other branches of the service were encouraged to follow suit...It also may be said that Granger was directly responsible for breaking down segregation in the armed forces." Forrestal committed suicide, but Granger is still going strong directing the spending of more than \$2,000,000 a year of Community Chests-United Funds "charity" money.

GRANGER'S RED RECORD...It is no coincidence that Lester Granger, an UL employee for 23 years and now its Executive Director, has a long Communist-front record. A copy of his red record from the files of the House Committee on Un-American Activities is available free of charge provided postage is included with order.

CUT FUNDS TO NEGRO AGED - INCREASED GIFTS TO URBAN LEAGUE...When the United Fund absorbed the St. Louis Community Chest, it announced its funds would be restricted to "health, welfare and character building agencies." Since the UL is none of these, it should have been dropped. Instead, however, the United Fund increased its annual gift to the League and cut the amount it gives to the Ferrier Harris Home for the (negro) aged.

THE URBAN LEAGUE'S ATTEMPTED DECEPTION...Faced with growing opposition to continued support of the UL by Chests and Funds, branches of the League in Southern cities are denying they are controlled by the National Urban League; that they give any money to the NUL; that they are as violent or radical as branches of the League in the North.

THE FACTS DISPROVES THEIR LIES...Each branch must pay annual dues to the NUL. The "Terms of Affiliation with the National Urban League" state: "Annual national dues of 4% of the local League budget is a minimum requirement from the local Leagues." The National Urban League is governed by a Board of Trustees. Lester Granger, in his pamphlet *The National Urban League Re-Examined*, wrote: "Every one of the local Urban Leagues has been given representation on a delegate body among whose responsibilities is the election of NUL Trustees." Policy is set by annual national conventions to which each League sends delegates. Each branch must accept and support to the best of its abilities the policies adopted at NUL conventions. The difference between Northern and Southern Urban Leagues is only in degree, not in principle. The League in Atlanta, for example, would not dare be as arrogant and demanding as the League in New York, but, while strategy may vary, **their policies are the same**. Any branch that opposed racial integration would be immediately expelled from the Urban League.

NOT A CHARITY...The Urban League is a political, race-mixing pressure group. Not one cent from the charity funds collected by the Community Chests and United Funds should be used to promote race-mixing and mongrelization. Notify your local Chest or the plant at which you work that you will not give any more money as long as it supports the Urban League.

EXTRA COPIES OF THIS LEAFLET OR OF A PREVIOUSLY ISSUED LEAFLET COMMUNITY CHESTS SUPPORT RACE-MIXING MAY BE OBTAINED AT: 100 for \$1.00 - 500 for \$3.00 - 1,000 for \$5.00. Single copies 5¢. Order from *The White Sentinel*, P. O. Box 9013, Ft. Lauderdale, Florida.

On 11/4/60, [redacted] Mohave County, Kingman, Arizona, advised SA [redacted] Resident Agent at Kingman, that he had just received a leaflet which contained information he felt would be of interest to the Bureau. He said this item was received in a plain white envelope postmarked 11/2/60, South Gate, California. It is transmitted to the Bureau attached.

An examination of the leaflet reflects it apparently is being distributed by captioned organization. It carries the banner of "FBI REVEALS MENACE OF INTEGRATION, Negro Crime Increases," and purports to show certain increases in negro crime, negro arrests, etc., claiming statistical information obtained from Uniform Crime Reports issued by the FBI. Cover sheets of the Uniform Crime Reports, Annual Bulletins for 1955 and 1956 appear in the bulletin.

[redacted] a good friend of the FBI, commented that in his opinion, someone was "taking the name of the FBI in vain," and ventured the opinion that perhaps the item mentioned above was being distributed by an individual or group opposed to racial integration.

This matter may have been brought to the attention of the Bureau previously, however, it is being submitted at this time as a matter of interest. Copies of this communication are being sent to Los Angeles and Miami for information.

Enclosed herewith for the information of the Bureau is a copy of a leaflet entitled "FBI REVEALS MENACE OF INTEGRATION," published by "The White Sentinel," Post Office Box 9013, Ft. Lauderdale, Fla.

The figures contained in this leaflet are apparently based on information contained in Uniform Crime Reports issued by the FBI.

This leaflet was furnished the Jacksonville Office by Detective Lt. [REDACTED] (NA), Jacksonville PD, on 10/17/60, who advised that it was received through the mail by the mayor's office, Jacksonville, Fla., shortly after the racial disorder which occurred in Jacksonville on 8/27/60. The leaflet was sent to the mayor's office by [REDACTED] who has been identified as a member of the Jacksonville Klavern of the Florida Ku Klux Klan.

While it is probable that the Bureau has received copies of this or similar leaflets, it is being submitted so that the Bureau may be cognizant of the dissemination of this literature.

A copy of the leaflet is being furnished the Miami Office as it was published in the Miami Division.

No investigation is being conducted in this matter by the Jacksonville Office.

Sheriff BOB TURNER, of Okla. County, Okla., turned over to this office an envelope addressed to "Sheriff's Office, County Court House, Oklahoma City, Okla.," with postmark of South Gate, Calif., Nov. 2, 1960. There was no return address. The envelope transmitted a pamphlet containing two reproductions of the Uniform Crime Reports, one dated Vol. XXVI-Number 2, for 1955, and the other dated Vol. XXVII-Number 2, for 1956. These reproductions are in such a manner that it would appear the pamphlet and its contents could have been issued by the FBI. The pamphlet contains data pertaining to the negro crime rate. The pamphlet is captioned, "FBI Reveals Menace of Integration." In another place it states, "Negro Crime Explodes Racial Equality Myth."

The original envelope and the pamphlet are transmitted to the Bureau for whatever purpose they may serve. Copies of each are enclosed for the Miami and Los Angeles Offices for information purposes and possible future reference.

The literature that I enclose is love writing, that is if you love the white race and America. Mixed races will ruin our nation. I defy you to name a nation that has mixed races that has not fallen. A jew is a nigger turned wrong side out. I read where Iceland has told us not to send any more nigger troops to their nation. They have a damned sight more sense than a jew or a liberal Senator.

You among others have it in your power to make or break this nation. If in your opinion 10% of the niggers are greater than the White race - be sure to vote for the Communist idea and give us civil rights and mixed races. I wonder if you would care for your children or grandchildren to marry a nigger. The Black Supreme Court has disregarded the Constitution it now makes illegally the laws instead of Congress. So Congress now takes a back seat. The members of Congress now have the power to impeach the Supreme Court. Why do you not act? Some of the 'Justices' are quite old and I have an idea that the new ones that will be appointed will follow the socialist and communist line as the present ones, and this the greatest nation that has ever been in the world. But with civil rights and mixed races it will not be that way long. Russia is showing us the 'way'. I did not vote for the Dem. or Rep. Presidential candidate. The platforms of both parties must have been written in Moscow and the Congo. In Russia - to mix races and the Congo for the niggers to rape white ladies and that included Americans.

It seems that only the Southerners and conservies of the North may save this Nation. What we need is a Hitler to get our races in the channel that they belong. There is now a bill in Congress and has been for years to settle the burr heads in Africa. About 2 or 3 million have signed to go. Why not pass the bill? The more states that pass favorable laws for the coons - the more we shall send you. I want the North and West to get them, and they will get a belly full.

over

America is in bad shape. So many pseudo Americans like Ike, Nixon, Atty. Gen. Rogers, Supreme Court are having their fling.

Were it not for the Southerners and the few Conservative G.O.P. America would have gone down the drain. I defy any one to tell me of any nation in the world that have mixed white and black that have failed to fall. History is open for one to read that. The hatred of Tricky Dicky of the South and the Southerners is perhaps only exceeded by Thad Stererson.

In the first reconstruction the banks, Ins. Cos. and about all else in the South were broke or in bad shape. But as usual the Anglo-Saxon went to work and we got somewhat out of the kinks and we had to carry the nigger along. We had the Yankees, carpet baggers, and home-made yankees and scalawag on our backs. The people of the U. S. that have been imposed on are the Indians and the Southern whites. Even what if a Southern white ran for Pres. Do you think he would carry a single North or Western state? Of course, Ike was born in Texas and made kid speeches for Bryan but he is a home made yankee and scalawag. I remember when McKinley was shot and if we have had a more stupid Pres. - that Ike - I surely do not know who it was. And how well do I remember Harding, Coolidge, and Hoover.

To be fair to the coons let us give them credit they have given civilization the Voodoo religion and the boomerang. Do you know of anything else? When the whites of Europe were hurding swine for a living the burr heads had access to the greatest civilization in the world - Egypt. The niggers chisled in the country through the Army as they are doing here. They wrecked that nation and it will never make a come back. Civil right and race mixing will ruin all nations who state it. It always has. Now, let us take a race mixed country Cuba (they have stolen one billion worth of American property) or take Brazil, larger than the U. S., but not worth a damn. Let us stop over to the Congo. The nigger soldier and police have raped a lot of ladies as many as 20 or 30 times from authentic reports. I wonder why our Communist Nat. Adm. does not protect our property in Cuba or when white American ladies are raped in the Congo? Why that is easy - they are niggers are mixed races and it was all right. But let a cannalibistic nigger rape a white lady in the South and nothing is done except to hurt and smere the South. There is one thing the blacks can move North and West and legally marry a white gal. In fact, they do that with and without the benefit of clergy.

So many lies are told about the niggers. Take only one. That all blood is equal. A characteristic of the nigger race is that they have an incurable blood disease, sickle cell anemia. And the only race that does. Thought it can be given a white by mixing the blood of a burr head with a white. The Communist Red Cross mixes the blood, in some of the Southern states it is illegal. The above organization and Ike and Dicky want to mix the blood of the black and white and do not care. May I add here that Italy, Spain, and Portugal had black slaves and they are ruined and will never make a comeback. Look in the Encyclopedia Brittanica about sickle cell anemia.

I see where the niggers in Littletown, Texas, asked the school board to all the niggers to have a separate school. So some niggers are smarter than whites.

God was the first segregationist. He told the tribes of Israel to marry among themselves and He separated the Israelites from the rest of the world. And He separated the people when they attempted to build the Tower of Babel. Again He separated the brothers Shem, Ham, and Jophet and put a curse on the descendants of Ham, stating they should be the servants of servants, hence the niggers. Since God stated the segregation I do not intend to try and desecrate the race. The Commies do.

Why don't you wise guys read the 10th amendment to the bill of rights. And if that don't suit you, let me remind you that the 14th amendment was never legally ratified by the states. Hence anything that has to do with the 14th amendment is illegal and unconstitutional. The Yankee in the South would not let the whites vote. They lined up the niggers and they all voted G.O.P. When the home-made-yankee and scalawag was elected, he appointed Black Warren to the Supreme Court when, by God, he had never been a judge. The 'authority' for the school decision was a book written by a foreign socialist Gunner Mrydal (I read he is a personal friend of Warren). One of the authors of the book was Doxey Wilkerson, a self-confessed Communist. Any one who says the 'law of the land' is the school decision is a liar. The court has no authority to make a law. Congress has. About half of the Civil rights commissions are usually half or more jews, niggers or some other off brand.

WHAT WILL OUR DESCENDANTS BE?
ANGLO SAXON OR MULATTO ????

With all the racial propaganda by the NAACP and their white stooges, and as the years roll by the prophesy and words of Abraham Lincoln may become a reality. At the rate we are now moving, in another hundred years the Ethiopian or mulatto will be the rulers of our Anglo-Saxon nation, founded by our great forefathers of Virginia and Massachusetts.

You cannot build in a Democracy a nation inside a nation of two antagonistic races. The future American must be Anglo-Saxon or Mulatto.

You can never have social and political equality with the Negro without asking him to your home sooner or later. If you ask him to your house, he will break bread with you at last. And if you seat him at your table, he takes the right to ask your daughter's hand in marriage.

The man or woman of Negro ancestry, though a century removed will suddenly breed back to a pure Negro child, kinky-headed, flat-nosed, thick-lipped, black skinned. ONE DROP of Negro blood in your family could push it backward three thousand years in history.

IN A DEBATE WITH JUDGE DOUGLAS AT CHARLESTON, ILLINOIS, SEPTEMBER 18, 1858, MR. ABRAHAM LINCOLN EXPRESSED HIS VIEWS AND HIS STAND ON THE RACIAL QUESTION, IN PART AS FOLLOWS:

He was not a Communist nor a Negro. He was a white man. He was a white man. He was a white man.
"I am not nor ever have been in favor of bringing about in any way the social and political equality of the white and black races! I am not nor ever have been in favor of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermarry with white people. I will say in addition to this that there is a physical difference between the white and black races which I believe will forever forbid the two races living together on terms of social and political equality: and inasmuch as they cannot so live, while they do remain together there must be the position of the inferior and superior, and I am, as much as any other man, in favor of having the superior position assigned to the white race."

DEDICATED TO MAINTAIN AND EXTEND THE DIGNITY, HERITAGE AND RIGHT OF THE WHITE RACE OF AMERICA.

ANSWERING THE EQUALITARIANS

He was not a Communist nor a Negro. He was a white man. He was a white man. He was a white man.
None of the black races, whether negro or Australian, have shown within historic time the capacity to develop civilization. They have never joined the boundaries of their own habitats as conquerors, and never exercised the smallest influence over peoples not black. They have never found a stone city, have never built a ship, have never produced a literature, have never suggested a creed. By Meredith Townsend, a prominent English Anthropologist.

The pure negroes never will be able, not even the most advanced representative of the race, to be assimilated completely into the white culture. Their capacity for civilization does not extend beyond merely imitating, more or less imperfectly the habits and customs of the whites. Between the negroes mentality and that of the caucasion lies a substantial and irreducible difference which no social or culture pressure no matter how long it may continue, can possibly overcome. By Aliverira Vianna, a member of the Brazilian Academy of Letters.

This man was a mulatto.
In moving among negroes, one has constantly to avow, perhaps to struggle against a since of their fundamental, inherent, ineradicable inferiority. Whatever may be their amiable and even admirable quality, one cannot resist the conviction that they are some degrees nearer the brute: nor can one wonder at their proved incapacity to evolve for themselves any approach to civilization. From the book, India and the Future...By William Archer.

Vote to knock the Communist out of Adm. idea of civil rights can. or it will ruin our nation.

@ V.W

Note, underlining mine.
H.H.H.

The loudest warriors carrying the banner of 'civil rights' are exceedingly selective in choosing their battle grounds.

In the coal mining section of Kentucky, two incidents months ago had they a racial angle, would have had the 'civil rights', and such Communists as Ike, Nixon, Atty. Gen. Rogers and other Communists demanding a lot of fool federal laws.

The United Mine Workers have stuck the Ky. coal mines. A few months ago Woodrow Smith, a non-union mine owner was set upon by a gang of U.M.W. pickets and shot to death near his home at Stinking Creek, Ky. This amounted to lynching a man because he sought to exercise his constitutional rights to use his own property, yet to my knowledge it has not raised a ripple among the crusaders for 'civil rights'. Suppose the Communists told the Nat. Adm. to keep quite.

A short time ago James Odis Adams of Dongola, Ky., a truck driver, who also worked as a guard at a non-union mine was killed while exchanging shots with another gang of pickets, who tried to drag him from his truck. This was a mob crime against a citizen exercising his right to work, yet as far as I know we have heard no cries from the 'civil righters' for Federal protection to protect from lynch gangs.

Some time ago a nigger by the name of Till from Chicago came to Miss. He fondled a white lady. It is assumed the husband killed him. This coon said he did that to white ladies in Chicago, as that is an intergrated city, am sure he did. The Communist press that hate the white race and the South so much (Look, Time - Life) sent down a gang of photographers and writers to smear the South all they could. The writers wrote that the Till nigger's father was killed in Europe 'fighting' that all men were equal. The Army came out with a statement that the pseudo 'soldier' raped three ladies and killed one. The Army correctly hung him. For some strange reason one paper in the North printed the truth.

A nigger at Poplarville, Miss. raped a pregnant white lady in the presence of her five year old daughter. Of course, justice was done. Our Communist Atty. Gen. Rogers (he and Nixon are great personal friends) sent down SIXTY gangsters to pour it on the whites, not to protect them. They handled the whites so badly that two were sent to the hospital. The Nat. Adm. at ~~Washington must do all it can to protect the cannalibistic niggers. But nothing for the whites~~ as those communists hate the white race. So the best part of the U. S. is going through another reconstruction and it is worse than the first one. And we have carpet baggers and home-made yankees and scalawags. If there is a political group in the world that is lower down than a home-made yankee and a scalawag, I do not know who it is. They are too contemptible to discuss. The rough necks that came down to razz the South said they could find no violation of a federal law. The state court did not bring in an indictment. So the great high priest of our law (a Communist) turned it over to the U. S. Court. They all flivered. If a nigger, jew, or Polack rape a white, nothing is done but if a white man accidentally steps on a nigger's toe, Ike and Nixon would want to hang him. I wonder if you feeble minded civil righters and race mixers are not non compos mentis. Now, Benedict Arnold was an Aristocrat and a Gentleman as to those pseudo whites who want to carry on with Communists, and Tricky Dicky. Dicky is the greatest of the lot. He has a life membership of that white hating organization, ~~N. A. A. C. P.~~, but we had some slime that voted for the Communist. G. O. P. The Commies are for three things, to steal property, destroy religion and mix races. Of the latter, Nixon easily wins.

~~We had a lynching in Vermont sometime ago. The victim was Orville A. Gibson of Newbury.~~ VT. The men who did the dirty work were Robert Welsh, Frank W. Carpenter, and others. The UPI said everyone was satisfied. That included the local Atty. Gen., the State Atty. Gen., and the Gov. The lynchers were turned loose. How much news did this lynching receive? Very little. Did the lynching scorekeepers at Tuskegee Institute record this lynching? Nary a word. Did the nation's press shed tears over this death in Vermont? No. Did the FBI get orders to go there. Nope? Did the President send the mixed whites and nigger troops up? Of course not. Was there a mention of it at the President's press conference? Don't ask foolish questions. Where were the white hating magazines - (Look-Time-and Life)? From the Communist attitude the G. O. P. do things - I wonder if the troops were ready? Why are the nigger 10% of the population of the U. S. greater than the 90% of the whites? The Communists and Ike and Nixon may be able to answer that question. Any and all things that a nigger or jew gets in - they ruin. I cite baseball and prize fighting. I look for a Republican panic regardless who is elected. We are in a depression now. Benjamin Franklin, perhaps the smartest man ever born in the U. S. wanted it in the constitution to not let the jews here.

URBAN LEAGUE THROWS WILD INTER-RACIAL ORGY

Expensive liquor, wine, women and song flowed freely at the inter-racial Beaux Arts Ball held by the Urban League Guild of New York in Harlem's Savoy Ballroom. This annual Urban League affair has become so popular that Leagues in Baltimore, Washington and Elizabeth, N. Y., now conduct inter-racial orgies each year also.

LEAGUE CONTINUES WAR AGAINST SEGREGATION

Segregation and Exploitation in Chicago

Edwin C. Berry, head of the Chicago Urban League, called the City's negro section "the nation's largest racial ghetto." Speaking before the negro United Transport Employees Union, the mulatto said: "Chicago is the most segregated city in the North. This residential segregation is forced by Chicago's customs and means that negroes are not only forced into segregation and denied freedom of movement, but they are ruthlessly exploited, overcharged, overcrowded and disproportionately forced into slum living. It is wrong for White people to segregate negroes and its equally wrong for negroes to accept segregation." Chicago has long been held-up as an example of racial integration, yet, according to the Urban League, conditions must be worse in Chicago for the negroes than they are in the South. Chicago's Community Fund gives the Urban League about \$50,000 a year to carry on its anti-White activities.

As part of its program to encourage race-mixing, the New York Urban League's Guild holds a large black and tan frolic each year. Mixed couples are encouraged and weird costumes are given prizes up to \$100 each. The affair is always held on a Saturday night because the revelry goes on all night and into the

wee hours of the morning and is followed by house parties. Whether the guests pay the cost of the extravaganza or whether it comes from the Urban League's 'charity' funds given it by United Funds in 59 cities is not known. Since the inter-racial orgies fit in with the Urban League's program to mongrelize America, it could well be that the United Funds and Chests which give more than \$2,000,000 a year to the Urban League, pay the bills.

URBAN LEAGUE PROMOTES NEGRO ADOPTION

A new scheme to promote race-mixing is being advanced by the Urban League of Greater New York and Westchester County. There are many unwanted negro children in New York's orphanages, and, since negroes will not adopt them, the Urban Leagues are trying to get White couples to take them into their homes and raise them as their own children. An expensive brochure is being distributed telling of all the advantages in adopting negro children. How many White couples have fallen for the Urban Leagues' propaganda is not revealed. If the Leagues would work toward getting negro couples to adopt the unwanted negro children, it would be fine, but that would not aid the cause of integration to which the Urban League is devoted.

IKE PRAISES URBAN LEAGUE

In dedicating the new National Headquarters of the Urban League in New York, a telegram of greetings was read from President Eisenhower. Wrote Ike: "This building will stand as a symbol of a belief in the individual citizen's dignity and his right to equality - a belief which has inspired the League's efforts for nearly 50 years. I applaud your organization's contribution to the continuing progress in lowering racial barriers. I wish you and your fellow members every success in your continuing endeavors to serve the cause of tolerance and justice."

Made up as a hottentot king, negro Edward Stutley accepts obeisance from scantily clad White 'harem girl' Pauline Maurice at the Urban League Guild's Beaux Arts Ball.

This leaflet pointed out that the Community Chests support race-mixing by giving over \$2,000,000 a year to the Urban League. "The White Sentinel" is the official organ of the National Citizens Protective Association. This group has crusaded for a continuance of segregation in the South and the Bureau has watched its activities for some time. DO YOU KNOW HOW URBAN LEAGUE USES COMMUNITY CHEST MONEY?

INCITES RACIAL HATRED...The *Calumet* (Chicago) *News* editorially condemned the Urban League for its part in stirring up racial tension in Chicago's South Deering (Trumbull Park) section in the following words: "The radicals of the Urban League and the NAACP have been in the saddle long enough. Cleavage widens daily. Resort to reason is being substituted for ram-rod tactics to cram integration down unwilling throats. The rift becomes wider with each rising sun."

"FORCE, NOT GRADUALISM"...Former Federal Judge J. Waties Waring and his wife are featured speakers and active members of the Urban League. In a speech made at Richmond, Va., Waring said: "Force, not gradualism is the only way to gain rights for negroes in the South." His wife added: "Let's give Dixie the shock treatment. My husband used force through the courts and it got results." If the Urban League does not agree with the statements of its speakers, let it publically repudiate the advocacy of violence.

"WITHOUT...URBAN LEAGUE...NAACP WOULD MEAN NOTHING"...Speaking at the annual meeting of the Dayton Urban League, William Walker, negro past President of the Cleveland Urban League, declared: "Without the money the Urban League has put in the pockets of negro workers through wages earned, the civil rights victories of the NAACP would mean nothing to the negro."

USES COCKTAIL PARTIES TO PROMOTE INTEGRATION...From Los Angeles to New York, the Urban League is sponsoring cocktail parties. Businessmen, union officials, politicians and others the League thinks can be used are invited to lap up free booze and rub elbows with their "colored brothers." Evidently, UL officials believe that if their White guests get drunk enough, they might accept integration. Why should "charity" money raised by the Community Chests be used for this?

"ELIMINATE ALL FORMS OF RACIAL DISCRIMINATION," DEMANDS LEAGUE...Lester Granger, Executive Director of the National Urban League, demanded the President officially "eliminate all forms of racial discrimination" it alleges are being practiced at atomic energy plants.

FOUGHT FOR COMPULSORY INTER-RACIAL SWIMMING...In line with its policy of total race-mixing, the St. Louis Urban League demanded the elimination of segregation in swimming pools and all other city facilities. The League got its demands and now if a White person goes swimming in a city-owned pool in St. Louis, he must swim with negroes. The Urban League in the South does not dare go that far yet. However, if Southern Community Chests are allowed to pour hundreds of thousands of dollars into the Urban League each year, it won't be long before it will.

JOINS NAACP IN SEEKING BAN ON "AMOS 'N' ANDY"...When the NAACP launched a campaign to drive this popular show off radio and TV because it allegedly was "burlesquing negro life" and "holding the negro up to ridicule and contempt," Lester Granger, Urban League head, at once joined the campaign and called for the scalps of "Amos 'n' Andy." Why should Community Chest money be used to censor radio and TV shows? Is that "charity?"

LOCAL URBAN LEAGUES SUPPORT NATIONAL ORGANIZATION...A union in Memphis, Tenn., instructed its President to ask the Memphis Community Chest if any of the money the Chest gave the local Urban League went to the National Urban League? Chest officials denied that any money was sent to the New York office. The Memphis Chest officials lied. According to the Terms of Affiliations with the National Urban League "annual National dues of 4% of the local League budget is a minimum requirement from the local Leagues."

THE URBAN LEAGUE IS ALLIED WITH THE NAACP

SEEK TO INFLUENCE LEGISLATION...In cooperation with the NAACP, the Urban League lobbies for, and both openly and secretly, advocates anti-White laws such as FEPC, anti-discrimination and civil rights bills which would compel all employers and unions to hire and upgrade negroes against their wishes and to force business places to cater to negroes. James A. Palley of the Kansas City, Mo., League appeared before the Missouri Legislature to advocate such laws as did Chester Stovall of the St. Louis Urban League. Leo Bohannon, head of the St. Louis League appeared before the St. Louis Board of Aldermen urging it pass a conglomeration of so-called civil rights bills. This has happened in many parts of the country.

CLOSE CONNECTION WITH NAACP...The Urban League has a working agreement with the National Association for the Advancement of Colored People. Both are working for the same thing - a race-mixed, mongrelized America. At the League's national convention held in Milwaukee in September, 1955, Roy Wilkins, head of the NAACP, was a principal speaker. Lester Granger was one of 19 top negro leaders who held an ultra-secret conference at Capahosic, Va., in March, 1956, to plan NAACP strategy against White America. The Treasurer of the New Orleans UL, negro Percy P. Creuzot, Jr., lists his address at the State Headquarters of the now out-lawed NAACP in Louisiana. Many UL officers are also active in the NAACP. Neither anti-White group has ever publically disagreed with the action of the other.

WORKS WITH NAACP TO DRIVE WHITES OUT OF QUEENS, N. Y. ...The Queens section of New York City is still largely free from the black plague. As part of the conspiracy to crack the all-White district of Astoria, a negro and his White wife were sent in as 'block busters.' Edward S. Lewis, Executive Director of the Urban League of Greater New York later boasted: "The Urban League and the NAACP arranged police protection for the Henry Slo-cums. The couple had been denied police protection on the ground that the department could not intervene until after an act of violence had taken place. This decision was reversed after the League and the NAACP communicated with Deputy Police Commissioner William Rowe. **This is only the beginning of an all-out fight in Queens on the housing issue.**" Drive the Whites out or integrate them is the housing policy of the Urban League. The Community Chests must agree as they are paying for it.

TAKES PART IN UNION ELECTIONS...Chester Stovall, negro Industrial Relations Director for the St. Louis Urban League, issued a joint statement with the President of the NAACP asking negroes to vote for one union against another in an NLRB election held at Scullin Steel. The union backed by the Urban League-NAACP was badly defeated. Why should Community Chest money be used in union elections?

URBAN LEAGUE JOINS NAACP IN BOYCOTT...Led by D. Donald Glover of the San Francisco Urban League and John Dockery of the Stockton NAACP, negroes in Stockton, Calif., have been boycotting Safeway Stores, Inc., to force the company to hire negro sales personnel. Why should the San Francisco Community Chest finance the Urban League-NAACP boycott against White business? This is not "charity."

DOES THE URBAN LEAGUE HAVE A DOUBLE SET OF BOOKS?...Local Leagues sell memberships, take up collections, have affairs, sell literature, accept gifts. Yet League after League officially reports receiving almost nothing except from Chests. An audit of the New Orleans Urban League for 1955 showed it acknowledged receiving only \$3.50 from sources other than the Chest. However, it has 37 officials who must be members and pay dues? Fourteen Leagues report receiving **not one cent** other than from the Chests.

URBAN LEAGUE OUSTED BY UNITED FUND IN FORT WORTH, TEXAS

FORT WORTH STAR-TELEGRAM

United Fund Cuts League From Rolls

Executive Committee
Says Act Motivated
By Concern for Agency

BY CULLUM GREENE.

The Fort Worth Urban League was kicked out of the United Fund of Fort Worth and Tarrant County Thursday.

However, the executive committee of the United Fund, which took the action, agreed to continue the league's allotment of funds through the fiscal year ending Dec. 1.

A special committee named to study the matter said in its recommendation that the league be discontinued as a member agency, "we are motivated only by our conception of the best interests of the community" and "because of our deep concern for the continuation of the successful operation of the United Fund and its other 44 member agencies."

Melvin Miller headed the special committee which made its report at the executive committee's May meeting at the Worth Hotel.

Opposition to the Urban League stemmed from pamphlets circulated last fall by a St. Louis organization which claimed the league was "anti-white" and a tool of the National Association for the Advancement of Colored People.

Accusation Denied.

LESTER B. GRANGER,
Executive Director,
National Urban League

Directors of the Urban League denied the accusations in the pamphlets, which were distributed by the National Citizens Protective Association in Convoir, Bell Helicopter and other large plants.

United Fund leaders in the 1956 money-raising campaign agreed the pamphlets had an effect in slowing down the campaign, although Convoir and Bell employees contributed more to the UF than previously.

The Urban League, which is affiliated with a national organization, was chartered as a health, welfare and character-building organization. Claims have been made that the league has stepped outside its original purposes to engage in civil rights agitation, especially along the lines of equal job opportunities for Negroes.

The league is allotted \$801 a month or about \$9,500 a year by the United Fund.

Action by the executive committee Thursday does not mean the Urban League will go out of business.

It may continue on its own, provided funds are raised from sources other than the United Fund.

THOUSANDS CANCEL

PLEDGES IN ST. LOUIS

ST. LOUIS POST-DISPATCH

ST. LOUIS, FRIDAY, FEBRUARY 15, 1957.

UNITED FUND UNABLE TO MEET BUDGET DESPITE DRIVE'S SUCCESS

Agencies Asked to Take
\$146,000 Cut — Un-
collectible Pledges,
Program Speed - Up
Blamed.

Some of the 117 health, welfare and charitable agencies of the United Fund of Greater St. Louis are being asked to reduce their budgets by about \$146,000 although the fund drive last year exceeded its goal of \$8,250,000, the Post-Dispatch was told today.

Richard E. Booth, executive vice president of the Fund, said there were two reasons why the money collected would not meet all commitments made by the organization in mounting last year's fund-raising campaign.

Reserve Too Low.

"For one thing," he said, "after we had set up our goal for 1957, we found that our reserve of \$100,000 for uncollectible pledges had fallen about \$80,000 short of meeting the actual loss from this source during 1956.

"The reserve had been sufficient under the old Community Chest but with the larger number of payroll deduction pledges under the new United Fund we had a higher rate of uncollected pledges. However, it was too late, when we discovered this fact, to increase our reserve in the drive then under way for 1957.

As a result, some agencies will have to reduce their budgeted expenditures by about \$146,000, he said. This amount may be reduced in the case of some agencies that charge fees, when possible, for certain services. It is also expected that an increase in old age pension payments will help agencies providing housing for older persons, he said.

There will be no across-the-board cut on all members, he said.

"You can't tell some of the smaller agencies, that consist chiefly of staff, to cut out a tenth of a job," he said.

Last fall's campaign, the second under the expanded United Fund, achieved its record goal only after two extensions. The final figure announced at the conclusion of the drive was \$8,252,465.

Due to the United Fund's \$73,630 gift to the Urban League last year, many St. Louisans are canceling their pledges. Many worthwhile agencies must suffer because United Fund officials continue to insist on subsidizing the race-mixing, anti-White activities of the Urban League.

ENCLOSURE

PRO-RED ST. LOUIS TEAMSTER

BOSS NEEDS INVESTIGATING

The McClellan Committee has been doing an excellent job in uncovering fraud, corruption and racketeering by Teamsters' union officials in Washington and Oregon as well as its International President Dave Beck and Vice-President James Hoffa. Reports have been circulated that investigators for the McClellan Committee have been in St. Louis looking into the affairs of Harold Gibbons, President of the Teamsters Joint Council 13. Gibbons is said to be the Midwest boss of Dave Beck's Teamsters. Senator McClellan and his Committee could do a great service for both the people and industry of the St. Louis area by bringing Gibbons' rotten record into the light of day.

Socialist Workers Party on the Subversive List. The House Committee on Un-American Activities reports: "The program of the Socialist Workers Party rests on the principles of Marxism as expounded by Marx, Engels, Lenin and Trotsky, and on the basic documents of the Communist Third International through its first four world congresses. At this point they broke with the Communist International for the alleged reason that the latter, under the leadership of Stalin had become 'reactionary' and 'bureaucratic.'" The Communist Party was not revolutionary enough for the Trotskyites so they formed their own party to overthrow capitalism.

\$150,000 to defend him. No indictments were returned although later Louis Berra, Gibbons' assistant was sentenced to 4 years for failure to pay income tax on money he had defrauded the union of.

Huge Campaign Contributions

The Grand Jury's failure to indict Gibbons left many people wondering why? It was charged that he spent some \$85,000 of the union's funds in a futile effort to control the Democratic Primary in 1952 without the knowledge or consent of its members. Fortunately, most all of Gibbons' candidates were defeated. Each election since then Local 688 has poured money into various political contests. The union's members have a right to know whether their dues are being misappropriated for political purposes.

Beck Gave Gibbons Great Power

Until Dave Beck took control of the Teamsters, Gibbons power was restricted largely to Local 688 which claims 10,000 members. However, Beck spotted an up and coming protégé and began increasing Gibbons' domain. On the flimsiest of technicalities, Beck took over absolute control of local after local in the Missouri-Illinois area and then turned them over to Gibbons as "trustee." This gave Gibbons iron-clad authority over the locals funds, officers, property and every thing they did. Only Beck could remove the "trusteeships" and he wasn't about to as long as Harold stayed loyal. Only last month, an 88 word telegram from Gibbons to Beck resulted in the 2,500 Alton, Ill., Local 525 being turned over to Gibbons. The members wanted to oust a Gibbons' henchman from office and control their own local. Now, thanks to a letter from Beck, Gibbons is in absolute control as "trustee" and the local's members have no voice or vote, until such time as Gibbons may wish to grant them their rights as union members.

Killing the Goose that Lays the Golden Eggs

In line with Gibbons' red record, it is no wonder that he makes exorbitant demands on firms his union has contracts with. The J. C. Penny Warehouse, Brown Shoe Co., (although it still has a warehouse here), Chase Candy Co., and Warner Pharmaceutical Co., are only a few of the business firms that have either closed down altogether or moved away because of the unreasonable demands Gibbons makes - not for increases in wages, but for money for Gibbons' Labor Health Institute and his Unity Welfare Fund. Both of these enterprises are, of course, controlled by Gibbons. Since January 21st, the paper houses in St. Louis have been closed by a strike. Even Gibbons admits that wages are not on issue. The issue is Gibbons' uncompromising demand that the companies increase health and welfare payments to 12% of gross payroll before deductions, to be paid into Gibbons' Health and Welfare Trust Fund. This would amount to a cost of about \$2 per day per man. The companies refuse to pay this shake-down and the strike enters its fifth month.

A Leading Race-Mixer

With all his other activities, he still finds time to be St. Louis' worst race-mixer. When the taxi drivers' Local 405, of which Gibbons is "trustee," compelled the 4 White cab companies to hire negro drivers, resulting in a strike of White drivers, Gibbons was on his way to Europe to plant a tree. He hurried

(Continued on page 8)

Gibbons Other Subversive Connections

Mr. James also charged that Harold J. Gibbons had been a member of the American Committee for the Defense of Leon Trotsky and the Southern Conference for Human Welfare. The Un-American Activities Committee called the Southern Conference for Human Welfare one of the most active of the Communist-fronts. Its part in the Communist conspiracy was to agitate negroes in the South to revolt against the Whites and provided a transmission belt to recruit negroes into the Communist Party. It has been cited by both the House Committee on Un-American Activities and the California Legislature as a Communist-front.

Supporter of National Council Against Conscription

The Fourth Report, Un-American Activities in California, lists the National Council Against Conscription as a Communist-front. On page 320, the report says: "Out of a total of 137 listed sponsors and supporters of the National Council Against Conscription there are 47 individuals with a known record of supporting Communist front organizations and causes." It then lists H. J. Gibbons as one of the 47 with a red record. He has also been a member of the national boards of the left-wing Americans for Democratic Action (ADA), Committee on Racial Equality, Workers Defense League and has been a member of the St. Louis Urban League Board of Directors.

Controls St. Louis NAACP

The President of the St. Louis NAACP is a negro named Ernest Calloway who works for Gibbons and has the title "Research Director for Teamsters Joint Council 13" whatever that means. Calloway has taken Gibbons' place on the Urban League Board of Directors. The negro press has commented that Gibbons' Teamsters Local 688 controls the St. Louis NAACP.

Went to Jail Before Turning Over Financial Records

In February, 1954, Gibbons spent 43 hours in jail before agreeing to turn over the financial records of Local 688 of which he is Secretary-Treasurer to a Federal Grand Jury. He finally produced some records and claimed others "could not be found." Pictured at right, is Gibbons entering the jail. Many of his own members hoped he would be indicted for mishandling union funds. Local 688 voted

HAROLD J. GIBBONS enters City Jail.

A Member of the Socialist Workers Party

Spotlight News, a paper published in St. Louis, is devoted to "exposing the Communist conspiracy in the United States." Its Editor, William R. James, carried a series of articles on Gibbons and charged that he either is or was a member of the Socialist Workers Party - the Trotskyite branch of the Communist movement. This party is composed of followers of the late Leon Trotsky, leader with Lenin of the Russian Revolution. After Lenin's death and Stalin's rise to power, Trotsky left Russia and founded the Communist Fourth International which he headed until he was killed in Mexico in 1940.

Helen M. Wolf, Editor
The White Sentinel
P.O. Box 156
St. Louis 3, Missouri

Madam:

Someone sent me your publication of March 1957. This is indeed a vicious issue and I cannot possibly see what service you think you are rendering the American nation by dividing it up in the bitter division that now marks South Africa. Your policies in so dividing America with hatred between races can lead to our national downfall.

I have some questions which I want you to answer in your next issue, accurately and without fail.

No doubt you favor segregation of Negroes and whites on buses? Do you segregate Negro domestic servants from their employers in the employers' private automobiles? I am told that you permit housewives to drive Negro servants to the market. If it is unseemly in your caste system to permit a Negro to ride a public bus with you, why do you not regard it just as unseemly to permit that same Negro to ride alongside of you in an automobile?

Bus riding is horizontal transportation and segregation must occur under your rules. Do you also favor segregation of whites and Negroes in vertical transportation, that is, elevators? Do you permit Negroes to ride in the same vertical transportation as whites? Why don't you practice segregation under these circumstances? Why don't you divide your elevators into two compartments, one for whites and one for Negroes?

Helen M. Wolf

April 17, 1957

You plainly have a great abhorrence and detestation for the Negro. One of your readers has sent me a picture of a primate indicating that you think Negroes are apes or monkeys. You also call them unclean and immoral. If this is the case, why do you hire them for domestic servants, to wash your clothes, clean your house, cook your food, and take care of your children? Why do you permit Southern white children into the hands of those who in your eyes are less than human? I'd like your answer.

You plainly indicate also the inferiority of the Negro to the white race, saying in effect that "white blood" is superior. However, if a person is descended from one Negro and one white person, that person too, is the same as a full blooded Negro. Does this indicate superiority of the white blood? On the other hand if a person is descended from one white person and one person of American Indian ancestry, you give that person the status and privileges of a white person, so that clearly under your scheme, the white blood dominates the Indian blood. If a person has seven white ancestors and one Negro ancestor, he falls into the same social status and treatment of a full Negro. Nine sets of ancestors back, a person has had 512 ancestors. If only one of these is a Negro, is the person under your scheme of things still a Negro? At what ratio does white blood predominate?

Tell me also, where did the strong strains of white ancestry that are so evident in persons of partial Negro ancestry come from? Certainly not from southern women. Do you not therefore have a double standard of conduct permitting clandestine consorting with Negro females by white men?

When you try to answer these questions you will see how illogical you are. There is a better way to meet this problem of the races than you have met it, and that is to judge every man on his own character for what he is, White, Negro, American Indian. You don't have to marry his sister, nor be yours; you merely have to give him equal and just treatment. If he falls under a system of fair and just laws (which are not slanted against him in your favor), then he should be given opportunity to correct and improve himself.

"His Honor" Wants An Answer

Reproduced above is a letter to the Editor of *The White Sentinel* from Frank P. Zeidler, Mayor of Milwaukee. It is reproduced in full to let our readers have the benefit of "His Honor's" views. It is difficult to understand how the great City of Milwaukee could elect and then re-elect the writer of the above letter. A child should be able to answer the Mayor's ridiculous statements and questions. However, it unfortunately represents the thinking, or lack of thinking, of many in the North. Perhaps some of our readers would like to answer Mayor Zeidler? He would undoubtedly be most happy to receive your comments!

His letter obviously is occasioned by the article in the *March White Sentinel*. Yet he does not answer one single point made in that article or even attempt to do so. Even a Socialist Mayor from Wisconsin should realize that integration and race-mixing causes the hatred and disunity he speaks of. Under segregation there is no hatred or disunity. There is division, yes, but in every case it has been proven that this separation is better for both White and black. The people of Milwaukee are finding this out right now even though their Mayor has his nose buried so deeply in Karl Marx that he either can't or won't see it.

The Editor of *The White Sentinel* does not hire negro domestic servants and would not even if she could afford it. She does not ride in automobiles with negroes or sit next to them in busses. She has waited for the next elevator more than once rather than be squeezed into close personal contact with negroes. All recorded history up to the present day proves the superiority of White blood. Mongrelization is a crime against both God and man and any White person who indulges in it, whether male or female, is committing a grave sin. "His Honor" should not judge all Whites by what he may do or wish to do.

His "solution" to the negro problem - "to judge every man on his own character" - is the reason Southern Whites have negro servants. Under segregation the people can pick and choose their servants as well as associates. Under integration the Whites have no choice - the black horde is thrust upon them and they must either accept it or flee.

Milwaukee's Mayor is so concerned over "equal and just treatment" for negroes, he completely overlooks equal and just treatment for Whites. In accusing *The White Sentinel* of "racial hatred" for exposing the evils of integration, Zeidler is merely parroting a meaningless phrase. It is not "hatred" to speak the truth.

OPPOSITION TO "ISLAND IN THE SUN" GROWS

ZANUCK

Fine Proposed In South Carolina

Amid growing resentment to the forthcoming inter-racial romance film *Island in the Sun*, Rep. John Hart of Union County, S. C., has introduced a bill in the Legislature to impose a fine of \$5,000 on any theater in the State showing the picture. The House Judiciary Committee has introduced an amendment to the bill to include the showing of any "improper or immoral" motion pictures in the State. So strong is the opposition to the mongrelizing propaganda film that the Legislative Committee of Theater Owners of North and South Carolina have warned all theater owners in both states not to show the picture.

Zanuck Says He'll Pay Fines

Infuriated by the proposal to fine theaters showing his picture, producer Darryl F. Zanuck told reporters he, personally, would pay any fines imposed on theaters showing *Island in the Sun*. He denounced the move by claiming: "To penalize a film before it is seen is the worst kind of censorship. If this sort of thinking prevails, it will destroy not only our theaters, but our American institutions of freedom." This is quite a change from his arrogant statement a few months ago: "I'm not concerned with what the Southern market feels, or the Northern market or any other market. I'm making entertainment and I don't give a damn who likes and who doesn't like it. The picture will probably offend lots of markets. I'm not worried about that. I'm making it for entertainment, and I'm betting \$3,000,000 that I'm making the right kind of picture." Zanuck may or may not pay fines imposed but what will he do if the movie going public boycotts his picture and any theater that shows it?

Romancing with aging White actress Joan Fontaine, who plays opposite him in *Island in the Sun*, was too much for Harry Belafonte. He took seriously the "message" portrayed in the film. As soon as the film was finished, and he could get a divorce from his negro wife, he rushed to Mexico to marry a White woman. Dorothy Dandridge, the negress who plays an inter-racial love role in Zanuck's film, also took her part seriously. She is suing a magazine for an article about her entitled "Her 1,000 Lovers," (many if not most of whom were White). This, she charges, "imputes to her a great laxity of moral character and habits." The inter-racial love-lives off the screen of Darryl Zanuck's negro hero and heroine should provide excellent publicity for his film. They are just practicing what *Island in the Sun* preaches.

New York Bars Films "Defaming Race or Creed"

Because a moving picture being shown in New York used that unmentionable word "nigger," the New York State Legislature, which jumps every time the NAACP cracks the whip, rushed through a law barring "any movie or play which defames a person because of race or creed from being shown in New York's theaters." If New York can ban films the blacks object to, then self-respecting state legislatures from self-respecting White states can ban films advocating or promoting mongrelization.

Asked to Ban Film

Jack Rathbone, spokesman for the Arlington, Va., Chapter of Defenders of State Sovereignty and Individual Liberties, has called upon Defense Secretary Charles Wilson to bar the film from all military installations. The State Central Committee of the American Constitution Party of Iowa unanimously voted to ask its members and friends to boycott the film. Hundreds of Citizens Councils and other patriotic

groups have passed resolutions against the picture. One association of theater owners described the present controversy over showing the picture as "a very serious thing here with quite a bit of feeling being exhibited by a lot of people."

Move to Bolster Lagging Film

The publicity agents of 20th Century-Fox got busy as it began to look as if *Island in the Sun* would be the box office lemon of the year. First, Belafonte complained that he was receiving threatening hate letters from the "Deep South" and said he was turning them over to the FBI. This was supposed to gain sympathy for him in the North. Then Zanuck denied that the Fontaine woman and the negro played love scenes in the picture and reportedly told Belafonte to stop boasting about it in his night club act. Then Zanuck lined up Princess Margaret, Queen Elizabeth's wayward sister, to attend its world premiere in London and high-priced tickets were offered to British royalty to provide window-dressing and "respectability" for *Island in the Sun*'s first showing. Lastly, *Variety*, rushed into print accusing Southern theater operators of censoring films "favorable to negroes" and quoted Hollywood producers as willing to risk losing the Southern market in order to make more money in the North and abroad by making inter-racial films.

Hollywood Needs a Lesson

Darryl Zanuck and the other movie moguls must be taught that the White people of America will not tolerate the mongrelization of our race. We hold high our traditions and culture and will resist all attempts to take us back to the jungle. The degenerate propaganda portrayed in *Island in the Sun* will strengthen our efforts to preserve racial integrity. No self-respecting White American should patronize *Island in the Sun* or any other film produced by Darryl F. Zanuck.

Typical of recent films (pictured above) is *Edge of the City*. Whites are depicted as cowardly, vicious, evil murderers filled with hate. Negroes are pictured as kindly, generous, forgiving and understanding, filled with love.

State Aid Encourages

negro Illegitimacy

WITH THE INFLUX, RELIEF ROLLS INCREASE

Three out of every four aid cases in Chicago are Negro

Each state has different laws governing its program, they all encourage immorality. Between 1948 and 1953, there was a national increase of 57% in the number of illegitimates receiving ADC - a bigger increase than for all other categories of dependent children combined. Missouri does not recognize common law marriages. In 1952, the State Supreme Court ruled that under Missouri laws the fathers of illegitimate children could not be compelled to support the children unless they made the mistake of marrying the mothers. The result has been a great increase in the number of negroes born out of wedlock. In many cases the fathers live quite openly with the mothers and children and have good jobs, yet the White taxpayers must support their children. So far the Missouri Legislature has refused to pass a law making fathers of illegitimate children responsible for them.

Worried about greatly increased relief costs, the Philadelphia Chamber of Commerce conducted a study which showed that Philadelphia and other Northern cities were attracting low income families (mostly negroes) because of their generous relief facilities. Why work in the fields down South when you can go up North and get Aid to Dependent Children if you either don't have a husband or keep him out of sight. Come to Missouri and you can live with the father of your children, unless you legally married him, and the White taxpayers will support both you and your children. During the last 10 years there has been an 80% increase in the number of families over the country on ADC.

Action is Being Taken

Aroused by this growing problem of state subsidized immorality, several states are beginning to take action. Mississippi has already passed a law that only the first illegitimate child will be supported. When the Florida House of Representatives learned that 9,732 negroes, most of whom were illegitimate, and only 594 Whites were being supported by ADC it voted 57 to 18 that all illegitimates born after February, 1958, would not be entitled to aid. Opposition to this bill was led by Rep. Orr of Miami, a member of the NAACP. Two-thirds of the families receiving ADC in Louisiana are negroes and the Legislature is talking about restricting aid to unmarried mothers.

Even Illinois may take action. One Chicago negress has 16 children, nearly all illegitimate and all drawing aid. Her oldest daughter has already "started in business" and is about to give birth out of wedlock. U. S. News and World Report quotes a Chicago city official as saying: "I think some people are making a living out of it. Women just don't give a ---- and know they'll have free care and welfare payments." The *Chicago American* asked the question: "Does the ADC encourage immorality?" It answered by quoting a social worker who said: "...I feel that if these women knew that they would have to get out and support these children, they wouldn't have so many illegitimates. It's discouraging when you find a woman with 4 children by 4 different men and who is not sure who the four men are." Illinois Public Aid Commission

(Continued on page 8)

AID TO DEPENDENT CHILDREN ROLLS SOAR

During the depression, various states adopted Aid to Dependent Children programs to support children with one or both parents missing. Generally this aid went to children whose fathers were dead although a secondary cause was desertion. By providing assistance of a specified amount each month for each child, mothers, who were unable to support their children after the death or desertion of their husbands, were enabled to keep their homes together. Every state now has some form of dependent childrens' aid and some also give each mother a specified amount for herself if she is not gainfully employed. Several states have a maximum amount that can be paid to each family, but others have no limit and provide free medical care and clothing as well. In Chicago, for example, many mothers receive more than \$200 cash a month and one receives \$400.

Encouraging Negro Immorality

Instead of the Aid to Dependent Children rolls decreasing, each year they increase. Instead of being used to care for children whose fathers are dead, this aid now is used to promote and encourage immorality and illegitimacy. In Chicago and Cook County, only 7% of those receiving ADC are, on the rolls because of the death of a parent. More than half of the 52,000 children on the Chicago ADC program are illegitimate and up to 90% are negroes. Negroes have learned to be assured a steady income without working, they must have more and more children and no husbands. Then the White taxpayers will support them in idleness as they out-breed the White population. They can have "boyfriends" and even husbands, too, as long as they are not around when the social workers call. They are given fine apartments in cheap government housing projects where they can wine and dine, entertain their men friends and have a child a year. Their bills will all be paid if they have enough children out of wedlock. This costs Illinois taxpayers \$45,000,000 a year and is one of the reasons negroes are pouring into Chicago.

**PRO-RED TEAMSTER BOSS,
HAROLD GIBBONS**
Continued from page 2

back to St. Louis, called in goons from out of town and broke the White drivers' strike in about 3 weeks. Gloated Gibbons: "I will accept either the credit or the blame for the employment of negro drivers."

Year after year, Gibbons throws the weight of the Teamsters Joint Council behind negro bills to compel all St. Louis restaurnats, hotels, theaters, taverns, dance halls, bowling alleys, etc., to accept negroes. Since coming into control of Local 688, it is his fond boast that all social activities conducted by the union, even beauty contests, are inter-racial. In the absence of FEPC laws, he has forced many unwilling employers to hire negroes instead of Whites. Woe be it unto any employer who fails to hire a negro sent from Gibbons' hiring hall. He is all in favor of integration anywhere and everywhere except for him and his family. Instead of living with his "colored brothers," the Gibbons' residence is in the suburb of Kirkwood.

City Needs Senate Investigation of Gibbons

The above facts about Harold J. Gibbons only touch the surface of the harm this man largely thanks to Dave Beck, is doing. There is a veritable gold mine of material for Sen. McClellan's Committee to be had with a little investigating. When the public as a whole becomes acquainted with the facts concerning Gibbons, his power to do evil will be at an end. Gibbons is a dangerous man whose main interests are race-mixing and socialistic schemes and acquiring the power to put them into practice. Not only Gibbons own members, most of whom oppose him, but fear to express themselves, but the people of the entire St. Louis area, would welcome this investigation. Beck is on his way out. His chief lieutenants, including Harold Gibbons, should be the next to go.

A. D. C. ROLLS SOAR
Continued from page 5

executive Garrett W. Kaester reported that illegitimate children on ADC rolls averaged 3 to a mother.

One courageous Illinois State Representative has introduced a bill similar to Mississippi's which would deny second or subsequent illegitimate children born after July 1, 1957, of the same mother any ADC support. Another bill would increase resident requirement to two years and the Cook County Welfare Director has asked that it be increased to 3 years. This has incurred the wrath of the NAACP and it remains to be seen whether the Illinois Legislature will dare buck the arrogant demands of the NAACP.

California has 50,000 families on ADC and generously provides a mother with 2 children \$168 cash a month. With more children, the mother gets more money. Elsie McDaniel had her first illegitimate child in Charleston, Miss., back in 1944. The following year she moved to Chicago and settled down to business. By 1955, the negress had had 9 more children by 5 different men and had about \$20,000 of the taxpayers' cash. Proof was introduced that she was living with a negro who could support her and in 1955 she was removed from ADC lists. Elsie promptly went

on the Chicago Welfare rolls and had collected \$3,038 more in cash before being discovered. If Illinois did not pay bounties on the mass production of illegitimates, Elsie and many others like her would never have moved to Chicago and "started in business." The states must take action to discontinue paying premiums on immorality and illegitimacy. The morals of the negroes are low enough as it is without paying them to become worse and out-breed the White race.

GOVERNMENT HOUSING PROJECTS
Continued from page 7

Congress Must Act

Next to the infamous proposed "Civil Rights Act of 1957," Eisenhower's \$500,000,000 request for more government housing will be one of the most important pieces of legislation to come before Congress this year. It should not just be reduced to \$175,000,000 - it should be cut to zero.

South Holds the Answer

Last year, a move to cut public housing funds was defeated in the Senate by three votes. Sixteen Southern and Border State Senators voted against the cut and in so doing voted for more integrated housing projects. These included Hill and Sparkman of Ala., Fulbright of Ark., Frear of Delaware, Ellender of La., Stennis of Miss., Hennings and Symington of Mo., Kerr and Monroney of Okla., Johnston of S. C., Gore of Tenn., (Kefauver was absent, but announced himself as being against the cut), and Johnson of Texas. The other 3 are no longer in the Senate.

Ike's plans for more integrated government housing can not only be cut, but defeated altogether if the voters of Alabama, Arkansas, Delaware, Louisiana, Mississippi, Missouri, Oklahoma, South Carolina, Tennessee and Texas will let the above mentioned Senators know of their opposition to race-mixed federal housing. It is bad enough for Wayne Morse and Hubert Humphrey, but how can John Stennis and Olin Johnston join them year after year in voting for additional integrated housing projects?

**WAYNE MORSE - HYPOCRISY
UNLIMITED**

Washington, D. C. So many negroes have flocked to the Nation's Capital since the courts and the Eisenhower Administration integrated it, that many are reported to be actually starving. Emergency food kitchens have been set up which fed 150 families, including 567 children in 3 days. Wayne Morse, Senator from Oregon, whose main purpose in life seems to be to protect negroes, rushed into print saying: "Not a single Member of Congress has any right to a peaceful night's sleep until hungry (negro) school children are fed." The question that should be asked of Morse is how he can get a peaceful night's sleep since sworn testimony before Senator McClellan's Committee revealed his close political backers, financial angels and associates controlled vice and gambling rackets and even the law enforcement agencies in Portland, Oregon? Morse is so worried about hungry negroes in Washington and negroes' 'civil rights' in the South, but appears completely disinterested in the rights and welfare of White citizens in his own backyard of Portland. Wayne Morse is the number one hypocrite in the U. S. Senate.

"WHITE" BY LAW

Albany N. Y. Negro State Senator James Watson served notice that he will force action on his bill to delete the requirement for stating one's race on marriage license applications. Two years ago he was responsible for having the question of one's race deleted from New York automobile driver's licenses. Why doesn't the negro State Senator go all the way and just introduce a bill to have everyone in New York State declared legally "White?" This is what he is aiming at. Then he and the Supreme Court could make everyone "White" by "law."
